Spain came across an imperial reality without finding profits at the beginning. It did stimulate some trade and industry, but the trading opportunities encountered were limited. Therefore, Spain started to invest in America with the creation of cities, because Spain was in America due to religious reasons.

## **Response to Revolution: Imperial Spain and the Spanish ...**

For Spain after 1868, the imperial challenge was to keep the disparate regions unified through a discourse of nationalism, based on both commercial imperialism and a shared culture. As a result, discursive representations of Spain and its colonies as an imperial family were again reformulated.

## **Enslaved by Liberalism: Spain after 1868**

This book takes a bold new look at both Spain's and Portugal's New World empires in a trans-Atlantic context. It argues that modern notions of sovereignty in the Atlantic world have been unstable, contested, and equivocal from the start. It shows how much contemporary notions of sovereignty emerged in the Americas as a response to European imperial crises in the age of revolutions.

The play previewed an impressive monograph on the subject. Two years later, The Black Jacobins, a history of what he termed “the first great revolution of black people,” was released, eventually gaining widespread and lasting acclaim. Brilliantly, James connected the uprising in the French colony to the course of the revolution in France.
