system for Mendel?  
They were true  
breeding plants so he  
avoided unexpected  
traits, they also grow  
to maturity within one  
season so several  
generations could be  
evaluated over a short  
time. 100% of flowers  
in Mendel's F 1  
generation were violet.

### **Section 3: Mendel and Heredity Flashcards | Quizlet**

Mendel's Law of Dominance states that recessive alleles will always be masked by dominant Based on continued research and

## Access Free Study Guide

scientific study,  
Mendel's Law of

Dominance, unlike the  
First and Second  
Mendelian laws, has  
not passed the muster  
and the rigors of  
scientific inquiry to  
support this Law of  
Dominance as a law, so  
this "law" is technically  
a principle and not a  
law.
